PRE-CONVENTION WORKSHOPS

Wednesday, July 29, 2020, 8:00 AM – 4:00 PM

AAMP’s First Ever-Butchering Contest!

Come participate and experience the first ever Fresh Meat Butchering Contest held at an AAMP convention!

**Wednesday, July 29, 2020, from - 11:00 AM – 2:00 PM**

Teams of up to three individuals from their respective state or regional associations will have 30 minutes to breakdown and fabricate both a beef and pork primal (or subprimal), craft a retail display for their various cuts and products and give a brief summary on the work that they have done for the judges. Scores will be based on the following criteria:

- **Accuracy** - how accurately the teams fabricate the desired beef and pork value cuts
- **Technique** - knife skills/efficiency of movement, safety technique, portioning, denuding and trimming
- **Yield** - how much yield the teams achieve from fabricating out the beef and pork value cuts as compared to the primal (or subprimal) starting weight
- **Consumer Sales Pitch** - how well the teams deliver a concise, factual, appealing and persuasive sales pitch for the particular beef and pork value cut they were asked by the judges to ‘sell’ to a hypothetical customer within a 2-minute timeframe. Awards to the winning team will take place at the Thursday morning Welcome Session.

This will be an informative and fun event open to anyone to watch, so start thinking about your teams and plan on attending!

The Future of USDA, FSIS, Appendix A & B for Lethality and Stabilization

Come listen to Bob Hanson from HansonTech, WI and Dr. Jeffrey Sindelar from the University of Wisconsin-Madison deliver an informative presentation on Appendix A & B.

The 2017 Draft USDA, FSIS Compliance Guidelines for Lethality (Appendix A) and Stabilization (Appendix B) for Meat and Poultry Products have caused significant concern among meat and poultry processing establishments who have historically relied on them for safe harbors for cooking and cooling of further processed meat and poultry products. In response to these concerns, a working committee was formed to offer science-based solutions that meet regulatory expectations for food and safety (and consumer protection) and successful industry adoption. This workshop will review the science behind the current versions, the scientific hurdles identified as a result of the issuance of the 2017 versions, and proposed solutions that are being explored to help contribute to the final versions.

The cost of the pre-convention workshop is $25 per person.

Short’s shop has been featured on an HGTV cable show called “West End Salvage” for 26 episodes over two seasons. Reruns are now aired on DIY/Great American Country channel. The shop also served as the temporary studio for NBC’s Today Show and Nightly News during the Iowa caucuses. Short opened West End Architectural Salvage on Locust Street downtown in 2005 and moved it to Ninth and Cherry two years later. He also has operated pop-up shops in Albert Lea, MN, and Kansas City, MO.

This will be a ticketed event. The cost is $10 per person. Must be 21 years or older to attend. Shuttles will pick up guests at the Hilton Des Moines lobby. Departure time is 12:45 PM.
What will be your favorite part of the AAMP Convention? Will it be the educational sessions, the trade show, networking with old and new friends, or perhaps the American Cured Meat Championships (ACMC)? If you like the idea of having your cured meat products judged against other products from across the country for comparison, then the ACMC is just the place to do it!

With 29 classes to choose from, you can enter one or all of the categories for evaluation by experts in the field. For the competition in Des Moines, the 2020 ACMC Judges from academia will hail from various states throughout the country. There will also be AAMP Operator Members selected from the ‘Cured Meats Hall of Fame’ joining the judging team.

Don’t miss this opportunity to throw your hat into the ring and possibly win a coveted American Cured Meat Championships plaque for entering those special popular products from your place of business. Perhaps you will be able to show your customers that your meat ranked in the top four – Grand Champion, Reserve Grand Champion, Champion, or Reserve Champion – at the only national premier cured meat competition of its kind across the entire United States.

The product taking top marks at the competition will receive the coveted ‘Clarence Knebel Best of Show Memorial Award’. The participant who competes the best overall throughout the entire competition will receive the ‘Cured Meat Excellence Award’.

Stick around for the ACMC display time following the awards ceremony, where you will find many AAMP members willing to share their knowledge and insights on processing, sales, catering, and more. Learning from ACMC judges and fellow processors remains one of the many benefits of getting involved in the American Cured Meat Championships!
